The Expert in Selling Used Pianos

Feel free to ask TAKEMOTO PIANO about sales, marketing, and anything related to used pianos. We have the biggest stock of used pianos with largest numbers of sales staffs in Japan.

TAKEMOTO PIANO is recommended to:

- Music stores who believe that used piano will not sell well
Cheap prices are not the only elements to sell used pianos. For great advice in how to sell used pianos profitably and to market certain products, come and contact TAKEMOTO PIANO, the used piano expert.
- Music stores who think used piano makes only small profit
Actually, used pianos can make more profit than selling new pianos. Used piano could make profit approximately JY 100,000- per unit sale. If you are NOT making at least this amount of profit, come contact TAKEMOTO PIANO.
